

## On the Vaccine Front

By Anna Von Reitz

We are reposting links to some of the articles from Lioness of Judah Ministries concerning vaccines --- information that everyone needs to know --- not only the Covid-19 debacle, but all vaccines.

The commercial corporations masquerading as your government have been reckless in making money off these wildly proliferating vaccines. They haven't even obeyed their own laws.

Here is a small quote from a reposted report from Dr. Brian Hooker of Childrens' Defense Fund to whet your whistle:

"The 1986 National Childhood Vaccine Injury Act requires that the Department of Health and Human Services report to Congress on the state of vaccine safety in the U.S. every two years. It's been almost 40 years since the 1986 act was passed, and HHS has never submitted a vaccine safety report to Congress. Federal authorities are derelict in their duty to protect the people of the United States from debilitating and often life-changing vaccine adverse events. Thank you."

If you are not truly alarmed by these revelations and the implications that these articles bring to light, you certainly should be.

Go here for a hard look at the health parameters of vaccinated children versus unvaccinated children --- read it and weep for our little ones who have been subjected to this commercial snake oil:

And now, CDC admits that 118,000 children have "died suddenly" from a plethora of unusual causes since the Covid-19 rollout:

Just to remind yourselves about how often you heard the words "safe and effective" and were told that you weren't doing your part to prevent transmission, etc. ----- stop a moment and reflect on the fact that Pfizer et alia. did no tests to prove the efficacy of any vaccine, didn't test transmission rates, none of that.

They just paid a lot of Talking heads to tell you that it was safe and effective when it wasn't.

They have known the truth about vaccines for decades and they did nothing to inform the public:

Perhaps worst of all, as the above article points out, the Covid-19 debacle was only the most recent and largest of a rash of similar "pandemics" that served as trial runs for this genocidal fraud.

They've gotten away with it, because sane people couldn't imagine that anyone would do this to innocent children, much less elderly nursing home patients, but the truth is that they have.

The further truth is that the men and women who promoted this are all criminals.
