

For All of You Who Hate What FAUCI Stands For

By Anna Von Reitz

This leaked audio from Congressional Hearings is so hot you will need hot pads to handle it.

It comes on the heels of the Fifth Circuit Court decision protecting the free speech rights of physicians from politically-motivated threats made by unaccountable unelected "professional boards" that were goaded by left-wing politicians to punish and censor physicians who questioned or outright denied the official narrative being spun by these bureaucrats throughout the pandemic.

Meet a frontline Medical Doctor who also happens to be a member of Congress from Georgia tearing Doctor Fauci into little tiny bits and spitting him out all over the floor of the Congressional Hearings into Covid and Fauci's part in it.

It will make you feel like your soul just got roto rootered; it will make you feel so good, so uplifted, so proud of this one man taking on the monster and showing Fauci and his whole agenda up for what it is: political coercion in the name of "science".

If you do nothing else **today**, watch this and take in every word, every syllable, and cheer!
