

# Weapons of Mass Destruction --- Found at Last!

By Anna Von Reitz

As I write this, the Russian Government is presenting definitive proof to the Security Council at the United Nations, that "the" US and various NATO Allies were heavily engaged in producing illegal, unlawful, and immoral biological weapons in over a dozen well-funded laboratories in the Ukraine.

The current Ukrainian Government allowed this activity and posed a threat to the entire population of this planet, just to make a buck and line their own pockets. At the same time, Ukrainian Whistle-blowers have brought forward massive proof of the collusion and criminality of Joe Biden and his family members and their activities in Ukraine.

It's not just "the" US involved in this repugnant activity, it's NATO, too. The rot has spread until there is nothing but rottenness left. This is why Putin told the world that he was taking out the garbage. God knows, somebody had to, and once again, it fell to the Russians.

We are engaged in cleaning up our "garbage" too, which we recognize as a matter of gross criminality, not a political issue at all.

With corporations illegally substituting themselves for our lawful government, and employing private security personnel as police to protect themselves at our expense, this country needs the assistance of its own citizenry organized in their own lawful State Assembly Militias, and we also need the assistance of the international community to bring enforcement powers to bear on these criminals.

Recognizing these facts, we have issued a Special Grant of specific and limited jurisdiction as a Non-Signatory State to the International Criminal Court and the Office of the Prosecutor, allowing them to investigate and bring charges in international jurisdiction against US individuals and corporations and officers of these corporations that are involved in international crimes, including criminal Breach of Trust and Commercial Contract, human trafficking, unlawful conversion, inland piracy, conspiracy against the constitutions, press-ganging, enslavement, peonage, genocide, and crimes against humanity.

These corporation officers have been claiming Sovereign Status and State Immunity from such investigation and prosecution, based on their exercise of our Delegated Powers and our State Sovereignty. We have now formally rebutted any such assumptions and opened the door for them to be tracked down, arrested, and prosecuted. We do not intend for America to be a safe haven for pirates and criminals engaged in crime for profit.

Our investigations have affirmed those of the Russian Government concerning involvement of the US and NATO in offshore bioweapons production and the promotion and issuance of criminal patents by SERCO in its mis-administration of the United States Patent and Trademark Office, which have self-evidently been used to accomplish crimes such as the September 11th disaster and the disappearance of the Malaysian airliner and yes, the current genocide-by-vaccination.

Along with the Special Grant of Jurisdiction we have provided the Office of the Prosecutor at the International Criminal Court with specific "smoking gun" patents which demonstrate how the criminals have protected and enriched themselves via the indiscriminate and illegal issuance of Patents protecting criminal activities amid false claims of "National Security Interest". These Patents blatantly describe the means with which these infamous crimes have been accomplished, who created these evils, and their intended purpose.

We've also provided video depositions of expert witnesses having first hand evidence and eye-witness testimony of the development of the Covid-19 agenda and the development of the polluted mis-named "vaccines" which have been foisted off on the unsuspecting public without disclosure and without respect for human life.

As we speak, the madman, Bill Gates, is working feverishly on the development of a "vaccine" --- that's what he calls a bioweapon --- that will infect people like a disease and with the same effect. Gates has gone utterly off his rocker and needs to be arrested and taken off the street as soon as possible. The same can be said for various members of the Intelligence Community and NATO Generals who have mindlessly participated in this horrific experiment.

More than 4,500 Allied Troops have been forcibly injected with known biological weapons -- engineered smallpox, hantavirus, HIV, H1N1, Ebola, Hemorrhagic Fever, etc., to "test" the effectiveness of these biological warfare agents. These men were given no disclosure, no choice. Many of them have already died.

This is what the filthy pigs think that they can demand and do without opposition and without respect for the Public Law, as a "condition of employment". It's time that these out-of-control foreign commercial mercenary operatives were prosecuted as pirates, keel-hauled, gibbeted, or hung, as the Admiralty Law requires.

It is also time that the corporations responsible for these activities were dissolved, their assets seized, their Boards of Directors and Officers prosecuted to the fullest extent of the Public Law.

I personally believe that Bill Gates III is criminally insane and needs to be apprehended and restrained and hospitalized under psychiatric examination as a Public Danger. He was already responsible for the deaths and maiming of thousands of innocent people throughout Africa and India before he successfully launched the Covid-19 pandemic and sought to profit himself by selling bioweapons redefined as "vaccines".

This behavior is deeply psychotic and this murderer needs to be arrested and prosecuted without further ado. Likewise Klaus Schwab and any other members of the World Economic Forum, the UN Corporation, the Trilateral Commission, the Council on Foreign Relations, the Committee of 300, the Club of Rome, the Roman Curia, the Skull and Bones Fraternity, the World Health Organization, the World Bank, and all others who have knowingly participated in and promoted these events to profit themselves and their political agendas via inflicting genocide and unlawful conversion of the victims into Genetically Modified Organism (GMOs)--- which is already illegal and unlawful in this country, no matter what the Territorial United States Supreme Court may opine.

We've had crazy people in command for lack of determination and interest from the General Public to oversee its own government and direct its own affairs, but our Public Government, our unincorporated Federation of States, is now standing on its own flat feet and taking appropriate action. Enough Americans are awake now and declared and recorded.
