

Your Mission, Jim, If You Decide to Accept It.....

By Anna Von Reitz

Everyone --every American-- needs to stop a moment and focus on this one true thought: that thing that you have thought of all your life as your government, isn't your government.

Say it over and over and over. Write it down if you need to. Really, truly, think about this fact and what it means: its not your government.

Your government has been dormant, left on a shelf for 150 years.

Repeat as many times as necessary.

This circumstance was accomplished via fraud and deceit and illegal usurpation; as a result, you have a chance to restore your lawful and actual government.

Repeat as many times as necessary.

To restore your lawful government you have to decide to function as an American state national, for example, a Texan or a Wisconsinite, not as a "United States citizen".

You need to inform the federal authorities of your decision and retire from any presumption of federal service. The exact means to do this quickly and cleanly is being refined and will be made available.

The next step is to form your local unincorporated jural assemblies.

The jural assemblies then restore your local unincorporated land jurisdiction government, including your county courts.

The counties then form your lawful land jurisdiction state.

The states then send delegates to a Continental Congress, and whatever changes need to be made, get made.

This is the mission. All other missions are subordinate to and depend on this one.

This is a lot of work, but it isn't insurmountable. In the process of doing this work you will rediscover your history, restore your courts, fill your vacated public offices, and resume operation of your own lawful government.

Because every county and state is unique and has its own history, this isn't a cookie-cutter proposition.

The good news is that other counties have broken the trail for you and they stand ready to help you.

The Michigan General Jural Assembly hosts a nationwide conference call every Thursday night beginning at 9 p.m. Eastern Standard Time. The call-in number is: 1-712-770-4160, Access Code: 226823#. [Please note the change from "4170" to "4160". I had the wrong number posted in a couple places---typo.]

They also host a website at: <http://1stmichiganassembly.info>.

And from 2 p.m. to 7 p.m. Eastern Standard Time, Monday through Thursday, they have established a Hotline: 1-989-450-5522.

Thanks to the Michigan General Jural Assembly, you won't have to recreate the wheel and won't have to face this daunting task alone.
