

## **Authenticated Birth Certificate**

**By Anna Von Reitz**

There are actually three pages to this document, which demonstrates an "Authenticated Birth Certificate" which is apostilled to conduct business overseas.

The third piece is simply a normal Birth Certificate issued under my Given Name by the Territorial State of Wisconsin, which is then Certified as true and correct by the State Secretary of State and then also verified and admitted by the United States of America (Territorial) Secretary of State.

The result, the yellow face page, is a "full faith and credit" declaration which is numbered and issued. In this case, 15036455-3.

This is a Legal Document afforded to my Legal Person -- a Territorial Citizen -- while in transit on the High Seas and Navigable Inland Waterways, and in a backhanded way, it admits my true standing as a Lawful Person and an American.

As of this writing, I am told that it is no longer possible to go through this process and obtain this specific document, because the office is shut down, but in any case, it is not necessary for you to worry about that, because I have already obtained it and exercised it and included all other Americans (those who claim their birthright political status) under my Full Faith and Credit owed by the Territorial United States Government.

In a sense, I adopted all the other Americans who will come after me, and made them heirs pursuant to Equal Protection provisions which we also secured for everyone who claims their political status as an American.

So, this is not "only" my Full Faith and Credit proof, but yours as well. I am posting copies so that you as my heirs (see my recorded "Irrevocable Will") have a photographic record of it.

The number at the top of the page is sufficient to identify the document, and you don't need the third page, a copy of the Territorial Birth Certificate issued to me, to claim Equal Protection in their jurisdiction.
