

Day Six Disaster Update

By Anna Von Reitz

I will make this short and sweet.

Everything is returning to normal. We have, all together as a group, sustained about \$40,000.00 worth of damage and various physical injuries that are not life-threatening and on the way to healing. We continue to need donations to make everyone whole and continue our current operations.

The "weird tsunami" has petered out and downgraded over the course of the night from a fifty foot wall of water to a twenty foot "high storm surge" which may cause some damage to the docks and similar facilities, but doesn't pose any very great danger to life or hard to replace or repair infrastructure.

We have chucked the family china and crystal into the dustbins and shuffled large amounts of "broken everything" out to the curb. It's odd looking at the empty shelves and cupboards and facing Christmas Dinner using paper plates.

So much for GHW's "kinder and gentler" world--- a world in which everything would be taken from the Americans, even our Good Names and our national borders.

Next time you hear the awful statistics about families and lives decimated by the Opium Drug Epidemic, you know who to thank.

I am still acting as Pay Mistress. My PayPal is: avannavon@gmail.com. Donations can also be sent to: Anna Maria Riezinger, c/o Box 520994, Big Lake, Alaska 99652.
