

Declaration of Facts and Invocation of Law

By Anna Von Reitz

This message has been sent to the Pope, the President, the Secretary-General of the United Nations, the World Bank, the Lord Mayor of London, the Archbishop of Canterbury, the Lord High Steward of Great Britain, and Queen Elizabeth II and the International Court of Justice.

All three courts, the International Court of Justice, the Court of the Lord High Steward, and the Vatican Chancery Court have been invoked. All three forms of Law, Admiralty, Roman Civil Law, and Ecumenical Law have been invoked.

Please find attached a concise three (3) page chart that exposes the details of the Great Fraud committed by Franklin Delano Roosevelt and his Administration, plus our Invocation of Law, clearly and succinctly declaring the self-evident Judgement of those forms of law that your administration(s) have relied upon with respect to your actions and administration of private resources "as" public trusts.

Your own Courts are invoked against what you have done and what you are doing and attempting to progress and promote as yet another Great Fraud -- this time, against the entire world, and not only the American States and People.

This Invocation stands against the "Consecration" of FDR and all his works and all his ways. It also stands against all corporations in the business of providing "governmental services" that have masqueraded as and substituted themselves for our actual governments.

Be aware that these corporations are nothing more special, more powerful, or more sacred than any other corporation and that they are operating in an unlawful fashion--- therefore must be liquidated and on a permanent basis.

Those people who have incorporated these organizations need to be barred from repeating the same process of identity theft, credit fraud, and coercive racketeering and bankruptcy fraud that has been used for the past century and a half--- by the loss of their privileges to incorporate anything or serve as officers of any corporation.

Please also note that Councils are illegal forms of government in this country and need to be shut down, along with Municipalities and Boroughs and Zones and Boards --- all of which are foreign and unsupportable, devoid of lawful authority, and lacking any provenance related to the actual government of this county.

And for your information, the lawful government of this country is composed of families, communities, unincorporated Counties, unincorporated States, and in international and global jurisdictions, our unincorporated Federation of States, The United States of America.

No legal structures have standing as government, not here, not anywhere on Earth. All the offending corporations must be dissolved and their officers punished--- and not allowed to simply walk through a revolving door and commit the same sins again and again and again.

Your administration of the Earth and our resources stands condemned both under Admiralty Law and under Roman Civil Law. As a Big Lie, it stands condemned under the Law of Heaven, too.

Amends and correction must be made without further obstruction or pretense and you can all stop talking about the Rule of Law; we are not deceived and do not accept Court Rules as any Law by which we are bound.

The actual Public Law is invoked. The actual Admiralty Law is invoked. The actual Roman Civil Law is invoked. The actual Ecumenical Law is invoked. And this is done by living people with the status and standing to do so.
