

Final Reply to Larry Becraft

By Anna Von Reitz

I understand that Larry Becraft has been calling me a "Fake" Judge again, and his pal, Bob Hurt, too.

Here is my Final Reply:

If I am a "fake" Judge, Larry, your butt is on the line for not prosecuting me.

Put up or shut up, Larry.

Otherwise, continuing to slander and defame me and accuse me of committing a crime without pursuing prosecution will be ample grounds to charge you both civilly and criminally. And since you are claiming to be a Territorial United States Citizen, you have no recourse to say you are merely expressing your "opinion" and exercising your First Amendment rights---- because you have none.

This game can be played from both sides.
