

# The Frozen Logic Circuits Thaw Out

By Anna Von Reitz

We have known for a long time that the lab in Wuhan, China, is owned by an American drug company--- GlaxoSmithKline.

We have known that Dr. Fauci's National Institutes of Health gave over \$3 million in assistance to the Wuhan Lab.

We have known that Dr. Fauci's main specialty and claim to fame is his work on the HIV virus, which he patented for profit.

We have known that GlaxoSmithKline, the owner of the Wuhan Lab is managed by a Black Rock subsidiary, which also works for George Soros and AXA, the giant French insurance corporation.

We have known that George Soros built the lab in Wuhan and sold it to a Vanguard company, while Vanguard itself is a shareholder in Black Rock and which is internationally famous for dirty Special Ops involvement.

We have known that Black Rock is one of Bill Gate's major investors, while Gates is a major investor in Pfizer, the GlaxoSmithKline-owned company that is producing the vaccine, and Bill Gates is also a primary donor and supporter of the World Health Organization that declared a "pandemic" based on 187 unconfirmed cases, and which is a primary beneficiary of Pandemic Bonds foisted off on investors by the World Bank.

We have known that fragments of HIV virus spliced into a normal coronavirus are what have made the Covid 19 virus more infectious.

We have known that Pfizer, the vaccine company producing the Covid 19 vaccine is owned by GlaxoSmithKline--- the owner of the Wuhan Lab.

We have known that the Australian Government shutdown distribution of the vaccine -- reportedly because people who received it were testing positive for HIV.

We have known for a long time, almost from the beginning, that the Chinese Government had little or nothing to do with the development of the Covid-19 virus and even less to do with its escape.

What emerges is a textbook example of the Hegelian Dialectic in action.

Self-interested schmucks causing a problem, then presenting themselves as the experts with the handy, dandy, patented solution to the problem they caused--- and then, profiting from it.

These criminals are American, not Chinese--- an inevitable conclusion of logic.

So tell me why these people are not in jail after what they've done and the damage they have caused?

Tell me why these corporations aren't being charged for crimes against humanity?

Why should any despicable excuse for dirt who deliberately increases the efficiency of the Common Cold be rewarded?

GlaxoSmithKline, Pfizer, Vanguard, Black Rock, WHO, the World Bank --- any corporation that had any hand in this hideous fiasco --- why shouldn't they be gone, gone, gone?
