

## Hot Foot It

By Anna Von Reitz

If you are an American born on the land and soil of one of the actual States and knowingly claiming your Good Name and Estate and not acting as a federal employee, corporation, or dependent---and not accused of a violent crime like assault, rape, or murder---here is what you need to do in all cases both criminal and civil in response to all claims from these foreign courts:

1. Have recorded your Deed of Re-Conveyance to your Trade Name and action permanently domiciling it on the land and soil of the State where you were born. Have recorded two photo ID Witness Statements from friends and/or family members having first hand knowledge identifying you as "the" living man or woman born to such and such parents at such and such time and place. Have a copy of the Birth Certificate they issued "in your name" ready to present. Have your own Certificate of Assumed Name/NAME recorded and ready to go.
2. Take certified copies of your recorded documents (above) plus the Birth Certificate they issues with you and go see the Clerk of Court --- the actual Clerk of Court. Look them in the eye and say, "You are acting under the 1933 Amendment to the Trading With the Enemy Act." [If you are arrested and unable to do this directly, have it pre-arranged with your wife or husband or Counselor-at-Law to go in and do this for you.]
3. That should be all that you need to do. They should immediately blanch the color of old, dirty paper and ask for settlement. Ask for dismissal of all charges with prejudice.
4. If they don't seem to know what they are doing and don't ask for settlement terms, ask for their evidence of authority to address you?  
They won't have anything. Ask for dismissal of all charges with prejudice.
5. If they are holding someone or something (like your house) under arrest related to the charges, you do the above two steps, and if they are still waffling, observe, "Uniform Commercial Code Article 9, Section 402 specifically states that the secured party is not surety for the DEBTOR named as Defendant."
6. And if at any time they challenge your standing as an American being harmed by their horse hooley, pull out your recorded land jurisdiction documents and a copy of the BC issued to you, and watch them scurry around. It's kinda fun when they realize the jig is up.
