

Impersonation -- The Cause of World War I

By Anna Von Reitz

Obviously, someone with a Given Name like "Anna Maria Wilhelmina Hanna Sophia Riezinger - von Reitzenstein von Lettow-Vorbeck" is not (and is not claiming to be) Jane Smith.

My ancestry is what it is, and for the most part, I am proud of it. The story of our family weaves back and forth across the Atlantic for centuries. I can easily prove ancestors in America prior to the Revolution. Also, obviously, I grew up in America and love this country and consider myself an American.

So did George Washington, who was a cousin of King George.

Just because we have familial relationships that span oceans and continents does not mean that we are disloyal to the land that bears us, nor does having "royal" or "noble" blood suggest that we are part of the problem.

Not all of the Royals failed humanity. Not all of them sold their souls for the Rothschild's profits. Not all of them were deceived by the fornication of the Church. Notably, the Prussians and the Russians, stood firm.

It may have escaped everyone's notice, but Kaiser Wilhelm II was a Protestant King and Czar Nicholas was Russian Orthodox.

They opposed the British return to Babylon and Queen Victoria's "adultery of Mankind" -- the enfranchisement (meaning incorporation) of living men so as to render them mere "things" and also opposed the "securitization" of living flesh-- on religious grounds.

There are many scriptural references in primarily the Old Testament, but also in the New Testament, warning us against the use of "persons", telling us that God does not "respect" them, condemning "personhood" and in James 2:9 flatly telling us that we cannot be part of these practices without sin:

"But if ye have respect to persons, ye commit sin, and are convinced of the law as transgressors."

Please note that to this day, when pirates come ashore they are said to be "trespassing" upon us, but when the opposite happens, and landsmen invade the ships dry docked in port or at sea, it is called "transgression".

As a result of this scriptural indictment and those numerous examples in the Old Testament, truly Christian Kings could not support any British scheme to profit from impersonating living people and were and are still obligated to protect against it.

For all those who felt (as I did) that the assassination of one Archduke was a petty provocation to start World War I, or that even jealousy over the Kaiser's navy was insufficient to explain what happened --- look again.

Queen Victoria succumbed to the lure of the profit to be made from impersonating living men in the 1860's--- and profit she did. She used the credit gained from enslaving the English population by "enfranchising" them to enslave the Indian Subcontinent.

Encouraged by this, Queen Victoria and her Ministers and her Successors rapidly expanded this practice of impersonating living men as corporate franchises and "securitizing" their assets as chattel backing the Royal Credit throughout the Commonwealth and imposed --- totally illegally and immorally --- the same scheme in America.

Her chief opponents in this rampant criminality serving to enslave and profit from her own subjects in a devious and diabolical way, were the German Kaiser and the Russian Czar, both of whom raised religious and moral objections.

That is what led to World War I: the stubborn refusal of the Germans and the Russians to take part in the identity theft-impersonation and credit fraud scam promoted by the British and the Holy Roman Empire, on moral and scriptural grounds.

Put bluntly, the Roman Catholic Church did "fornicate" with the bankers and the renegade royals by getting involved in the whole business of defining and managing and promoting corporations -- that is, "persons" and then allowing these practices to be grossly abused to seize the assets of living men and women for use as chattel property, thereby enslaving the population of the entire Earth.

The Roman Catholic Church, or to be more specific, its "Secular Office" running the Holy Roman Empire side of things, is revealed to be The Great Whore, and cannot be anything else: they have promoted and facilitated and failed to object to this entire abuse --- and the Biblical injunctions and the Treaties and the high-sounding United Nations Declarations have been standing against them the whole time.

It is as wrong now and as forbidden in scripture now as it was in the 1840's when all of this began to gain traction.

And all of the Sons of Abraham of all three major western religions -- Judaism, Islam, and Christianity -- are obligated to stand against it.

My relatives, the Archdukes of Mecklenburg-von Strelitz and the House of Romanov, did stand against it.

Not all the Royals failed, but just like the startling news that you are not all "United States Citizens" nor "Citizens of the United States" --- comes the equally startling news that America backed the wrong horse in 1917. We should have come in and finished the job that the Kaiser and Czar Nicholas started.

Had the Czar lived, we could have been living in a much different and better world. Instead, we all had to suffer through World War II and the Communist Era and now this.

We could have saved ourselves and everyone else the trouble of World War II and the entire Mess that the world is in right now, simply by cleaning out the Church and exposing the villains and the "Holy Roman Empire" for what it is.

So here we have a phony Queen, who in proven fact abdicated her Throne within three days of taking her Coronation Vow, and a British Parliament without the guts to enforce the actual law they are always enshrining and prattling about.

And who are they all appealing to for protection? Donald J. Trump.

And who is Donald J. Trump? He is President of the United States.

And what is the United States with a small "t" on the "the"?

The Municipal United States Government--- the independent international City State of Washington DC's government, the franchise of the Holy Roman Empire, the one that is supposed to limit its activities to the ten miles square of the District of Columbia, just like the Vatican Government is supposed to limit its activities to the one square mile of Vatican City. LOL.

And who are they blaming for this debacle? The Lord Mayor of London. Bar Members worldwide, did you hear that? You and the bankers are being fingered for all this rot. Claiming that you were just "following orders" per the Nuremburg Defense is not likely to work, so you had all better take counsel and correct your operations to bring them into accord with the actual Public Law.

It's time for the rest of us, the Silent Majority, to take our Silent Notice of the situation. That, and alert Donald Trump and the Joint Chiefs of Staff and NATO, so that they are all fully informed and aware that their actions are being scrutinized to within a gnat's eye-lash.

The Roman Curia is on the Hot Seat before God and all Mankind, to repent and take corrective action. The British Parliament, which is secondarily responsible for this Mess, is also called to account.

Both are desperately seeking some way out, because they know that they are condemned under the Law of God and the Law of Man; both are resisting the only Law that will allow them to live --- The Law of the Kingdom of Heaven, which has come at last.

"So oftentimes it happens, that we live our lives in chains, and never even know we have the key....."
--- The Eagles, "Already Gone".

Special Call Out to my German Readers: my German language skills are pretty rudimentary. Would some of you undertake the challenge to translate the German Declaration of War in World War I into English for us?
