

## Facts About the "Judicial" System

**By Anna Von Reitz**

### Facts About the "Justice" System

The "equity law" that the British adopted in the 1750's is a horrible excuse for a justice system. It allows the King's bill collectors to act "as" the King and to "dispense justice" on his subjects however they like without regard for the written law, past precedent, the findings of juries or anything else. Any British Subject facing such a court is utterly at their mercy in a venue that is something straight out of the Dark Ages.

The conversion of the British Judicial System to this travesty and the pollution of the British Common Law under Lord Mansfield gave the British aristocrats a virtual carte blanc to do whatever they wished secure in the knowledge that the King's bill collectors would help them out in any issue provided that the King got his cut.

This is a large part of the reason that the Colonies rebelled in the first place. And it is long past time that we did so again --- by savaging Great Britain in the Court of Public Opinion worldwide and refusing to put up with their evils on our shores.

So now that you know what "Equity Courts" are and why they are evil, please realize that these evil foreign courts have taken over your courthouses like a cuckoo bird stealing a nest. The British Territorial United States began usurping against our lawful Federal Government during the so-called Civil War and started closing our courts in May of 1865. By the 1930's their puppet, FDR, had informed all the senior judges and justices that from then on, only (British) Maritime and Admiralty Law Courts were to be allowed here---- and quote, "We don't care what you call them!"

In other words, deliberately deceive the people and foist these courts from a totally foreign jurisdiction off onto them. Now you know why the Federal Rules of Civil Procedure tell the judges and lawyers involved in this scam to provide "an appearance of justice".

And that is what the American Bar Association has done. Every Bar Member has knowingly or unknowingly committed High Crimes and Treason. They have all conspired to create and then pillage and plunder public trusts named after each and every one of us. No more evil scheme has ever been devised in the history of the world, and having done it to us, they did it to the rest of the world, too.

All the countries on Earth should, by rights, join together to sink the British Isles into the Atlantic --- except that by doing so, we would harm the British People, who have suffered under the scourge of these criminals for longer than everyone else.

Finally, to protect themselves, they incorporated these evil courts so that they could seek bankruptcy protection and enjoy the benefits of the corporate veil. These "courts" are nothing but glorified commercial corporation debt collection agencies. And here's the proof, neatly summed up by Colt Dekker:

"Not only is the United States a corporation, but the "Judicial Branch of US Govt" is also a Delaware Corporation (Delaware SoS file number: 3383789), listed in Dun & Bradstreet: "The following is the DUNS number for JUDICIAL BRANCH OF US GOV: DUNS number: 956858625", as well. The "Judicial Branch of US Govt" (corporation) includes: "U.S. GOV'T LAW COURT ADMIN SUPREME & U.S. DISTRICT, APPELLATE, VETERANS PROBATE, BANKRUPTCY, STATE(S) COURTS, INC." So our courts from the Supreme Court down to state courts are corporate "policy" (as in police) courts."

So, Campers, there you have it. These are corrupt organizations fronting for other corrupt organizations and they have no right to address you at all. If J.C. PENNY can't tell you how to live your life or tax you, neither can THE STATE OF OHIO SUPERIOR COURT. They have hired "police" to act under color of law as mercenaries to remove you from your homes under conditions of false pretense. They are trespassers in the truest sense of the word.

The politicians and Bar Members deserve to be excoriated from New York to San Francisco, from Beijing to Moscow, from Berlin to Seville --- and especially in London and Westminster where these evils took root and flourished and grew in the heart of what was supposed to be the "firm bastion of freedom". Firm bastion of Bull Shit is more like it.

Every member of every police force on Earth and every member of every military and paramilitary organization needs to be clued in and told to do their actual duty. Assuming that the politicians won't do their jobs, the people will have to--- and in that eventuality the police and the military need to know who "the Enemy" really is.
