

June 6 Decree and Demand

By Anna Von Reitz

We have just posted the Decree and Demand and Address Letter issued on June 6, together with Proof of Mailing. Please download and keep copies of these documents on your computer and feel free to keep hard copies, too and pass them around.

These were issued the same day and sent in the same Registered Mail package directly to the Queen at Buckingham Palace.

This serves as the official Notice and Demand for the accounting and return of delegated power owed by the Trustee to the lawful donor.

The Documents are available here:

The Pope has already liquidated the municipal corporation(s) that usurped against us. Now it's the Queen's turn.

The perpetrators will attempt to keep their game going, so we all need to be on point and keep squelching their hydra-headed commercial asset-grabbing machinery until they are well and fully stopped.
