

International Commercial Obligation Lien status

By Anna Von Reitz

Update on the A.B.A./I.B.A. Commercial Lien S.E.C. Tracer Number #2640220

This lien is being turned over to competent collectors as part of a massive claim and collections effort which we hope is soon consolidated and administered in each and every state of the Union. We have definitive proof of collusion between the Bar Association members and foreign governments and banking interests that have enabled them to foreclose on the Municipal United States ESTATE assets (all the names like JOHN MICHAEL DOE) with one hand, and then use the value of the actual assets claimed by the Territorial United States Foreign Situs Trust franchises as beneficiaries (all the names in the form John Michael Doe) to borrow funds to buy the same homes that they foreclosed on.

In other words, they foreclose on YOU (the ESTATE which is a presumed Municipal franchise and ward of the STATE OF _____ which is undergoing liquidation) and use the actual value of your house which supposedly belongs to You (the Territorial franchise being operated as a Foreign Situs Trust that claims to be the Beneficiary of YOUR ESTATE under names styled like this: John Michael Doe--- which is in Chapter 11) to obtain credit for the Courts buy your home back for the benefit of the rats indulging in all this gross Breach of Trust and fraud.

There is now a massive amount of help available to Americans through the Private Registered Indemnity Bonds that have been posted in behalf of each one of the states of the Union and via the instructions that have been posted telling you all how to change your political status back and how to protect yourselves and your property from these predators. Spread the word and shut the Foreclosure Mills down by "surrendering" all Municipal PERSONS, expatriating from the Territorial jurisdiction, removing your names from the "Voter Registration" roles and placing your assets under your birth state's indemnity bond -- for example: AMRI00001 RA393427640US -- Idaho for someone born in Idaho.

The instructions are clear and complete and posted in a series of three articles--- #560 "How to Correct Your Political Status and Why", "Dear Lucretia, Foreclosure Relief and the Rest of the Story" (Article 607 or 609) and "Pay Attention! --- If You Want to Save Your Butts" -- which is at or about Article #620 on www.annavonreitz.com.

If you follow the instructions, you can immediately stop foreclosure actions against your property and turn the tables on the vermin responsible. If everyone shares the information with all their friends and neighbors so as to reach all those unfortunates who have been targeted with foreclosure actions for mortgages they never owed and for "property taxes" they never owed, either---- we can stop the Foreclosure Mills in their tracks and we can prosecute the criminals responsible.

We are applying the lien to the entire Court System, the attorneys, and the judges who are card-carrying members of the Bar Associations---- and yes, we will be going after the Federal Reserve Banks that hold the infamous CRIS Accounts in behalf of these vicious criminals in our midst, and we have given our permission to the IRS and other federal agencies to collect the cured commercial lien from all parties who have participated in and benefited from this outrageous nationwide crime spree and have provided them with the funding to do so.

Before this is over all the smug Undeclared Foreign Agents who have been acting--- literally "acting" as judges and attorneys--- and who have been pillaging and plundering the Public Trusts are going to be exposed for what they are and financially ruined. And those who provided them with Privateer Licenses while pretending to be our Trustees, our friends, and our Allies are also going to get their Come-to-Jesus Meeting with the actual United States of America Government.

That said, the problem is so widespread, the crime itself so massive, that we are still working out the details of exactly how this will be done to help restore all the people who have been damaged and who have already lost property and been evicted by these monsters in suits. We will show them the same pity and charity they have shown us, with the exception that our cause is just and honest and theirs is nothing but a most venal and hateful and self-serving crime.

Come on, boys, get your shit-kicking boots on and learn to love the IRS.

If you pay attention and take prompt action you can prevent any more foreclosures against your assets. Keep tuned and when Foreclosure Redemption Offices open in each state, all of you who have been wrongly foreclosed upon and evicted from your homes will either receive your homes back plus damages or full compensation plus damages paid for by the vermin responsible for this international outrage.
