

## **The Living Law Firm: 20 to Nothing on Foreclosures Tonight--- All Wins for Our Side**

By Anna Von Reitz

I want to make a name change from The People's Law Firm --- which though correct, sounds a bit like Mainland China --- to The Living Law Firm, because what we are doing is for living people.

Yes, you read the headline right. Twenty homes have been saved, in a row, out of twenty million, without a single loss. I think that twenty straight wins says something important---- it says that we have it nailed. We have the fraud figured out. We have the facts. We have the process. And we are busting case after case---- but for this to really matter, more lawyers have to take the plunge to come walk the walk as a Private Attorney General, more paralegals have to be trained and it has to happen now.

It is of paramount importance that American homes and ranches and businesses be saved, that American families not suffer eviction, and that this scourge of lawless fraud by the banks be ended.

We CAN stop current foreclosures in their tracks and return millions of homes that have been unlawfully foreclosed and seized back to their owners. We can do this not just some of the time, but all of the time, not just for the lucky few and the wealthy and the famous----but for Mom and Pop, too.

Standing here today I know full well that twenty wins is just a drop in the bucket. It's not even a scratch on the surface of the biggest real estate fraud swindle and betrayal of trust in history-----but I also know that the Truth has been loosed, and when what is True comes, what is False must pass away.

The crack in the dam of the monolithic foreclosure fraud is here.

We know that this announcement will bring on a flood of urgent pleas for help and we have to admit that we don't even BEGIN to have the manpower and resources to answer the need at this time so we ask that all of those battling foreclosures bear with us. We are continuing to move forward as quickly as we can on as many fronts as possible. For lack of a better way to proceed, we may establish a "Client Lottery" for now, and just draw names out of a hat to determine which foreclosure clients The Living Law Firm represents.

The seed money people have sent and are sending is allowing us to get on our feet and keeping the "boys in the field" supplied with paper and ink and filing fees and beans and rice. No doubt by Wall Street standards this homegrown law firm is just a gritty little low-brow

bunch of scrappers----- but as of tonight, it's scrappers who have gone toe to toe twenty times in a row, and carried off the prize.

Despite all the nay-sayers, we must have something right.
