

## No Democracy, Not Now, Not Ever

By Anna Von Reitz

"....Democracy cannot exist as a permanent form of Government. It can only exist until the voters discover they can vote themselves largess out of the public treasury. From that moment on the majority always votes for the candidate promising the most benefits from the public treasury with the result that Democracy always collapses over a loose fiscal policy, always to be followed by a Dictatorship."

(Written by Professor Alexander Fraser Tytler, nearly two centuries ago while our thirteen original states were still colonies of Great Britain. At the time he was writing of the decline and fall of the Athenian Republic over two thousand years before.)

A friend recently sent me this quote and it is a timely reminder that I share with all of you. I have read it many times over the years and the truth resonates across centuries and down to this current moment.

Let me assure you that we, the actual people and states of America, are absolutely guaranteed a republican form of government and there are Americans standing in the gap, reclaiming the stolen identity and assets that belong to us and to our states.

Let me also assure you that we are not and have never been a "democracy". Democracy is mob rule. It is 51% of your neighbors agreeing to eat you for dinner. It is a failed and odious and even notorious system of government that our Forefathers avoided like the plague.

No, the "democracy" that the media and the Congress are always talking about is the Territorial United States ---- a vast commercial corporation with 57 bankrupt "State of States" franchises. And true to form, this foreign, ugly democracy discovered a means to defraud the honest republics of America, and devised ways to raid and pillage the public purse until its entire structure is indeed on the verge of collapse and dictatorship.

Well, if these yahoos require a dictator to straighten them out, we could all do a lot worse than Donald J. Trump.

Remember that as disturbing as the unfolding events may be, this version of "United States" is not you, not your states, not your government. This is an organization that is obligated under international treaty, trust and commercial contract to provide nineteen enumerated services to your state of the union, and it hasn't even managed to do a good job at that.

This incorporated version of "United States" is the equivalent of a housekeeping or maintenance service that your states subscribed to, and it has proven to be a very untrustworthy and dishonest service, one that has pillaged the property entrusted to it, stolen the owner's credit cards, and attempted to disinherit the heirs.

The British Government, HRM, the Lord Mayor London, the Lords of the Admiralty, the Roman Pontiffs, and the members of the "United States Congress" for the last 150 years are responsible for this deplorable, criminally mismanaged, despotic, and out of control democracy on our shores, which has attempted to usurp upon and steal the identity of the actual United States and the republican united States of America.

Each one of our fifty (50) state republics have been reclaimed, new Sovereign Letters Patent have been issued, the Chain of Title in international jurisdiction has been secured, the private sovereign indemnity bonds and payment bonds have been posted, the Odious Debts have been repudiated, and the process of restoring our lawful government has begun with the organization of county-level jural assemblies in every state.

We are well on our way to sorting out The Mess.
