

No Fifth Dimension

By Anna Von Reitz

First of all, there are no "dimensions".

There is just one ever-expanding non-delimited morphogenic information field. Period. No "fifth dimension" to go to.

Second, there is no "time".

Time is nothing but a cataloguing system, like index cards.

The characteristic of the information field that we are trying to express as "time" is actually "place" within the information field.

Third, our mathematics is hopelessly imprecise and wrong-headed.

As a result of our math being incorrect, everything else is incorrect-- and we can't get straight until that fundamental flaw is addressed.

This means that our language and our science and everything else, including our thinking process, is more or less fubar, too.

It means that "Einstein" was no Einstein.

And 90% of what we have been taught is bunk.

Members of the military and the scientific community have been shown this, but they have refused to correct the math.

The idiocy and idolatry of the current banking system has been fully revealed, too. Earth's "leaders" persist in willful self-delusion and continue to promote sheer hokum for illusory profit.

When we call for new leaders to take responsibility for themselves and their planet, we hear crickets.

Everyone seems to assume that it is someone else's job. Above their pay grade. Let's ask you --- look around. Could you do a worse job?

And meantime, psychopathic madness and lies reign supreme:

A full third of the ocean on this planet is dead.

The atmospheric oxygen is down to 15% from 28%.

And the idiots-in-charge are focusing on the build-up of carbon dioxide which is caused by lack of oxygen as the problem.

People are looking to the military to save them.

The military is useless.

The U.S. Military is dependent on Britain. A British corporation, SERCO, acts as their Paymaster. Go figure.

The DOD, which is controlled by EU interests, is useless, too.

Millions of Americans are being coerced into vaccinations.

After the terrible effects of this become obvious, they will be told they did it to themselves.

Nobody else is responsible for the harm done. They volunteered.

Not the corporations that produced the poison.

Not the "Medical Doctors" and others who distributed it.

Not the politicians who rammed this down our throats for profit.

Not Bill Gates, who was already under indictment for maiming and/or killing and sterilizing 750,000 children in India via "vaccines" when all this started.

Not Anthony Fauci, who partnered with Moderna to make a killing --- literally and figuratively.

He's a Eugenicist and obviously, killing and sterilizing those dumb enough to take the shot, was a good result in his view. Culling the herd. Only the fittest survive. The Lesser are slated to die and be used as weapons.

We disagree.

We believe that these men are monsters as bad or worse than Hitler and Stalin ever were. We believe that they have been given political power under Color of Law in violation of our Constitutions.

We believe that this is an Act of War being carried out under Color of Law. And we hold every single one of those perpetuating this situation responsible for capital level crimes.
