

A Note About Roman Civil Law

By Anna Von Reitz

Roman Civil Law is foreign to us. It's ancient and schmarmy and elitist compared to our Puritan Common Law.

One of its most infamous Maxims is, "Let him who will be deceived, be deceived."

In other words, under their rules, it's okay to deceive and defraud someone so long as you can get away with it and the victim doesn't object and doesn't take exception to it.

So, now the Municipal Authorities that function under Roman Civil Law have been duly notified of our objection as an entire country. They violated our Public Law and tried to pull a fast one. They got away with it for a period of years, but now that time is over.

We are not deceived. We are not amused. And we are not putting up with any more legal presumptions based on deceit and coercion.

This seems very "strong" language and very short-tempered and abrupt to some people. Bear in mind that we are dealing largely with an audience that knows both Latin and "Federal-Speak". They know far better than the average American what has gone on here and why strong language is appropriate.

Bear in mind, also, that we are at the end of a Due Process and Notice Procedure that has gone on for twenty (20) years. This isn't sudden.

Also bear in mind that if these problems are not responsibly resolved in favor of the living people and the Earth---and resolved soon---we will be facing interplanetary warfare of a kind that has not been seen here for 32,000 years.

This War in the Heavens would mirror the Spiritual Warfare on Earth and would result in very few people being left alive, yet Our Father's Will, is that not one be left behind and not one child should suffer.

Please consider carefully what we are meant to do. The Old Saturnine Guard and the Fallen Angels are being picked up and removed back to their home planets. This process is already well-advanced and it is being accomplished by a coalition of overwhelming force.

The new Guardians from the Aquarius star system are meant to peacefully take their place and open up a whole new way of living and being on the Earth. This Change has been in the works for thousands of years.

"I go now to prepare a place for you, so that where I am, you may be also be."

We are meant "to have life and have it abundantly". We are meant to have plenty of every good thing, including plenty of love and plenty of space. We are not confined to just the Earth.

Those who yearn for peace and brotherhood will not be disappointed. Those who cherish the Earth will rejoice. We will all remember the words, "I make all things new again."

In a way that is not yet comprehensible, we are going home.

But first we must wake up, realize that we have been deceived -- and take exception to it.
