

Like I Said Months Ago -- It's Not the Russians, It's the Brits, Again

By Anna Von Reitz

Just a reminder to those who insist on thinking of the British Government as friendly and sane.

Want to know who really interfered in the last election? The Brits.

And how did they interfere? By trying to prevent Trump's election, and then by trying to undermine his presidency.

Always they are at the bottom of the dog pile. Always. It is always some aspect of the British Government at fault, doing the dirty, provoking the stinking outcome, stirring the pot, interfering, stealing, lying, cheating, and involving us in their bad behavior:
