One of Yours....

One of your "Officers" is causing trouble and unnecessary problems for us--- the so-called "Governor" of the "Commonwealth of Virginia".

Please note this Oath:

_Every person before entering upon the discharge of any function as an officer of this Commonwealth shall take and subscribe the following oath: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the Commonwealth of Virginia, and that I will faithfully and impartially discharge all the duties incumbent upon me as _____ according to the best of my ability, (so help me God)."_

Notice that this Oath is to what? "the Constitution of the United States" ---- not "The Constitution of the United States".

He is taking his Oath to the Municipal Corporation, not even the Municipal Government, which is what it would be if he took his Oath to The Constitution of the United States, and frankly, we don't know what this "Constitution" even says or requires of this man, because it is foreign and private, though it might be available as a Washington, DC Municipality document.

Also note that this man is not acting as any State Governor at all. He is acting as a Commonwealth "Governor" --- an entirely different position, with different citizenry involved.

So, within his little club calling itself the "Commonwealth of Virginia" he can probably confiscate member's guns all he wants, but that does not enable him to touch the guns of a single American.

He's your Officer acting under your Commonwealth auspices and it is your duty to me and to the other people of this country to stand him down and make him accountable to the actual Law and the international treaties involved.

We have reported, fully, on the widespread falsification of political status records in this country, so until that conundrum is sorted out, it is impossible for you or for him to know who is a "citizen of the United States" and who is a United States Citizen and who is an American State Citizen.

This is your NOTICE that you and the Holy See and the Municipality of Rome will be held 100% personally and commercially liable for any violence, any mistaken attacks on Americans, any damage done to us or our country in any way.

Touch a single American gun "by mistake" and your Officer will be guilty of Treason against the actual Constitution of the United States.
