

Removal of Hawaii Coordinator

By Anna Von Reitz

Joshua Gandy: you were warned repeatedly about your assumptions and your behavior, most particularly, appearing drunk on teleconferences and Zoom Meetings and hurling insults at other Coordinators and other Innocent Parties.

Most memorably prior to this incident, you appeared drunk on a national teleconference and repeatedly called the Washington Coordinator a "pile of dog shit". She had the good grace to forgive you and allowed you to have a second chance, which you have squandered.

Last night, despite our forbearance, and despite your agreement to stop these damaging episodes, you unleashed on two other completely innocent people, Le Laroï, who is not longer a Coordinator, and Harold Heinze, my Executive Officer, accusing them of having an illicit relationship and spewing your gossip and false assumptions all over the airwaves.

I have absolute proof that each and every thing you said at last night's Coordinator's call were nothing but your own evil suppositions.

A man reveals who he is by what he does first, and second, by what he says. You gave me your word that this kind of ugly behavior was at an end, and then turned right around, and shot your best wad of unreasoning filth again.

This lack of decorum, professionalism, and manly decency has cost the Hawaii Assembly and The United States of America all its going to cost. Effective immediately, you are to turn over all records and

materials related to the Hawaii Assembly to the Hawaii Recording Secretaries and leave.

A new Coordinator will be sought to replace you as expeditiously as possible. and life will continue without your foul words and deeds. I will not thank you for your service, as I consider this willful and knowing insubordination, slander of innocents, violation of contract, and conduct unbecoming.

Those who have the power to summon the Assemblies into Session also have the power to disband any Assembly that isn't on track during the assembling process, and we certainly have the authority to remove any Coordinator that doesn't do the job with honor. You have failed that test.

Anna Maria Riezinger, Fiduciary
The United States of America
