

A Report to the World - from Judge Anna Von Reitz

The UN Corporation doing business as the IMF doing business as the UNITED STATES doing business as the STATE OF ALASKA, The Federal Reserve doing business as the Federal Reserve System doing business as the United States of America, Incorporated, doing business as the State of Alaska, the FEDERAL RESERVE doing business as THE UNITED STATES OF AMERICA (INC.) doing business as ALASKA..... the District of Columbia Municipal Corporation, the WASHINGTON DC MUNICIPALITY, the U.S.A. (Inc.), the U.S. Corp, The United States of America (Inc.), E Pluribus Unum the United States of America (Inc.).....

Do you realize that roughly 80% of what Americans have paid to support the poor and disabled in this country---- public assistance, aid for orphans, the unemployed, the mentally ill, people with chronic diseases, the elderly, paralyzed veterans---- has been siphoned off by these above-named corporate vermin, their parent corporations, subsidiaries, agencies and affiliates?

We paid for all these programs with the intention of taking care of everyone, and instead, these criminals have been like rats in a grain storage silo, putting out just enough to give a storefront appearance that these programs were real and helping people, while secretly embezzling from the poorest and most vulnerable Americans.

Just as bad, 98% of what Americans have paid to support the poor in other countries around the world-----vast amounts of foreign aid----have been siphoned off and squandered by these criminals. We have given and given and given with the intention of helping people in the Third World and paid for programs to build bridges and drill water wells and provide homes and livestock and electrical generators and transportation and roads and fishing boats and clothing and medicine and entire hospitals and schools and supplies of every kind, plus food of all kinds-----and where has it gone? Mostly stolen by the thieves in Washington, DC, but then also stolen by their counterparts in other countries.

They have fed upon the innocent and helpless both going and coming---- stealing the benefit of our giving from the people we intended it for, and thereby stealing from us as well. They have had a "two for one" theft scheme going, in which the Americans are thought to be hard-hearted and greedy and selfish, and the people in the Third

World are thought to be ungrateful, lazy, and incompetent, with neither party realizing that criminally dishonest middlemen have been the problem all along.

Embezzlers. Thieves. Con artists. Imposters. And these duplicitous vermin have been the "face of America" to the rest of the world. They have sent their commercial mercenary armies into other countries around the world and raped and pillaged and stolen and polluted and pedaled their wares of guns and armaments and drugs and alcohol and every kind of immorality and they have done this in the names of America and Americans while we have been kept isolated and "dumbed down on the farm back home"----- believing in "our government" and Mom and apple pie.

It is indeed disgusting to contemplate what these criminals have gotten away with and what the rest of the world must think of us as a result.

The best that can be said for it is that we know now. We are waking up. For many people this process is very hard and unpleasant, like being awakened from a sound sleep with a bucket of cold water. For a while--- weeks or months depending upon how deeply indoctrinated people are, how loathe they are to admit the truth---- they rampage around striking out at friend and foe alike, disoriented and unable to know the difference, still half-asleep and grumpy like hibernating bears in the spring time.

And then something happens. Some little thing goes "click" in their brains and they realize The Truth. All at once. It is not uncommon for grown men to break down and weep when this happens. Boom. The American Dream has been unlawfully converted by these scum bags into the American Lie.

Once they wake up, people know for sure that they are unhappy and have been unhappy for a long time. They know that they are not free and that they live in fear of unaccountable "agencies" like the FBI and IRS and FEMA and DHS ----foreign commercial mercenaries and bill collectors operating under old trade names and brand names, pretending to be part of a lawful government that is long gone. The newly awakened gradually own up to the fact that they are constantly being harassed and exploited and manipulated and disrespected and extorted and intimidated and misrepresented by people who are supposed to be providing them with "essential governmental services". They realize they are being robbed---and worse, blamed for all this evil by the rest of the world.

When I first realized all this it felt like I had a big block of ice in my stomach. There was no fire, no outburst, no tears, no fear, no great emotion---- just icy cold stillness and hardness. I felt my jaw solidify into a rock. I realized in that moment that it truly didn't matter if I lived or died, how much it cost, how long it took----and this is what I mean when I twist the words of King George V and tell people--- "Keep calm and get even." Don't flinch. Don't let your emotions run wild. Feel no fear. Don't worry. The Devil has been living in your house for a long time. The only difference is that now you know he is there.

We are dealing with the British Raj here. The same vermin that Gandhi had to face in India. The same ones who mowed down the wives and daughters at Amritsar. The same ones who kept people from taking salt from the sea, which they needed to live and which had always been their right to harvest generation unto generation. The same ones who enslaved the Indian people by the hundred millions to feed Westminster, the British Crown Corporation, and the Queen --- have been sitting here polishing their boots in America --- feeding off of us and using our sons and

daughters as fodder in their wars for profit, stealing and manipulating our natural resources. pawning off their phony paper promises "in equitable exchange" for our silver and gold, bullying us, and misrepresenting us to the rest of the world so that at the end of the day after all this abuse at their hands, we would be blamed by the rest of the world for all the evil these criminals have committed in our names.

And when I say, "in our names"----I mean it literally. Several years ago I obtained a copy of "my" Master File kept by the IRS and learned that---- supposedly--- I was running a rum distillery in Barbados. That is a pretty good trick for a grandma who has never visited the Caribbean. I was pretty high up in the management, too---- hauling down the equivalent of \$180,000.00 a year in salary that I somehow never received. Imagine all the other Americans who are going about their lives on dairy farms and working in small businesses and clerking at grocery stores who are being grossly, purposefully, with malice-aforethought lied about like this?

Just recently I was given more "official government records"---- this time records related to my dead father's estate. He has been dead since 1981, but somehow, "he" is still paying no less than nine (9) mortgages out of estate trust accounts established "in his name" -----and all for people I never heard of and who are not part of our family.

How is this possible? When we are mere babies in our cradles undeclared agents of these foreign corporations ---- the IMF and the British Crown Corporation --- come to new Mothers in the guise of hospital workers and force them to sign paperwork seeming to admit that they are all unwed mothers, all "donating" their babies to the "State" corporation as "wards of the State". I was told that if I didn't sign this paperwork, my son would not be released to my care. He would be placed in "State sponsored Foster Care" and I would never see him again.

I was a completely responsible 40 year old adult with a good income, a husband, a home, everything---- and they pretended that I was an irresponsible, indigent, unwed mother seeking to offload my unwanted baby and willingly giving him to the tender mercies of the "STATE OF ALASKA"---- the local franchise of the IMF doing business as the UNITED STATES (INC.).

They did what they always do. They seized upon his name, copyrighted it as property of the British Commercial Corporation, and began spinning off all sorts of corporate "personas" named after my son.

First, there was a "state level" foreign situs trust doing business as Eric Jon Belcher. And then there was a Roman Inferior (Cestui Que Vie) Trust operated out of Puerto Rico doing business as ERIC JON BELCHER. And then, most recently, Mr. Obama decided to create a public transmitting utility called Eric J. Belcher--- also in Puerto Rico----all owned and operated by the British Crown Corporation and its various subsidiaries, franchises, and affiliates and created for their benefit.

They have issued performance bonds in my son's name under the pretense that he is or ever was their ward and have obligated him to pay off their mortgages, accept their debts, pay their taxes, buy their services, accept conscription into their commercial mercenary forces, obey every whim of their "Congress", back their promissory notes with his private property and labor, and so on and on in an endless recitation of enslavement and false claims and breach of trust.

I want the world to know that all and any paperwork I signed at Providence Medical Center in November of 1996 I signed under the most detestable and inexcusable duress imaginable, under threat of forcible kidnapping of my infant son. Any contract express or implied arising from such practices and seeming to obligate me or my son is nothing but fraud on the face of it and always has been. The British Crown Corporation, the UN Corporation, the IMF, the Federal Reserve, their parent corporations, subsidiaries, agencies, and affiliates are guilty of malicious tort fraud of the worst kind.

These corporations are under demand to release our copyrighted names, trademarks, and private estates to our control free and clear, without tax, lien, debt, attachment, encumbrance, obligation, deed, claim, or colorable title of any kind. And then we will talk about what else they owe us.

Every corporation involved in this enslavement and kidnapping racket, all those preying upon babies and new mothers, deserve to be liquidated and have their assets distributed to their Priority Creditors-----the American People. Those responsible for promoting and continuing to implement this institutionalized fraud and enslavement scheme need to be arrested as criminals and prosecuted to the fullest extent of both national and international law.

People everywhere need to be aware of what has gone on here, who is responsible, and what we are all facing. It's not "the Americans"-----its a nest of vicious and cowardly criminals who have insinuated themselves and pretended to represent us, while bilking us and everyone else for their own profit.
