

## How Many Times Do I Have to Say This?

By Anna Von Reitz

Day after day after day I get all these complaints, all these awful stories of abuse, all these claims of wrongdoing by the "federal government" and --- every day, I give everyone the tools to defend themselves from the "presumption" of "federal citizenship" that is the "enabling clause" of all these abuses and problems.

I have given you all more than enough instruction and information to remove yourself and your name and estate from these evil legal presumptions. These are weapons of defense -- means to protect yourself and your assets:

1. Authenticate copies of "your" Birth Certificate. Study what I have told you about what this document is and how it is used, so that you can competently claim to be the living and fully insured "Subrogee";
2. Record your common law copyright and standing writ of habeas corpus as part of issuing a Certificate of Assumed Name, claiming all right and interest in all the different variations of your Given Name back to the day you were born and claiming their permanent domicile on the land and soil of the state where you were born;
3. Correct the deed and title of land and homes and other property held in your name so that it is clearly identified as private non-taxable property and rename it under your own copyright-signed designation like: "111101 Pine Court (c)" instead of whatever street or lot and block or other description is being used now;
4. Order "Z" (as in Regulation Z of the Motor Vehicle Code) license plates for your car to establish that it is private property, too, and exempt from federal regulation;
5. Put "retired" labels on all passports and driver licenses, etc., clearly establishing that you are not functioning as a federal citizen now;
6. Check into your family history, and if possible, demonstrate using public records--- births, deaths, census, marriages, etc. --- stand ready to prove who you are and where you come from;
7. Download and print a copy of Pamphlet 27-1-161-1 "The Law of Peace" from the website we shared and have it ready to present if you are ever forced to appear in one of THEIR courts and demand that you are addressed properly as a peaceful non-combatant and non-citizen national of these actual, factual United States of America. Invoke the standing writ of habeas corpus contained in your Certificate of Assumed Name and present the authenticated Birth Certificate for collection of the bounty on the federal PERSON;
8. Revoke your "election to pay" federal income taxes by giving notice to the Commissioners of the IRS and the Internal Revenue Service.
9. Make Steven T. Mnuchin, Secretary of the Treasury, responsible to you as the Fiduciary responsible for the administration of the federal PERSON--- thereby denying any such position to the local Court Clerk;
10. Post your own Private Indemnity Bond with the U.S. Treasury or take shelter under the bond established for your State of the Union.

You need to defend yourselves and correct your own records and bring home the facts in a way that these yahoos can't ignore or sidestep.

And you need to establish your claims to your own names, estates, and political status.

There is nothing so difficult about this once you grasp the fact that what you thought of as "your" government is just a foreign contractor here to provide governmental services. It's a foreign corporation like TARGET --- with no granted authority over you or your property, but if you don't correct the public records and rebut their false claims, they will be happy to impose their rules and their government upon you.

Get moving. Now. Save yourselves and save your country!
