

The States Are Summoned to Assemble

By Anna Von Reitz

Ever since I started this work, I have been blessed and plagued to work "with" the Roman Catholic Church.

The problem began with the Church, so that is where it has to end, too.

There is a logic to this.

The Roman Curia defined all manner of incorporated entities --- everything that you can think of --- cooperatives, trusts, S-Corps, C-Corps, foundations, LLCs.....the list goes on.

So, by Maxim of Law, the Creator is responsible for what they create.

This entire situation derives from and returns to the Roman Curia.

Given that fact, who are you going to go to when corporations get run amok? Who are you going to work with to fix it?

The Dalai Llama? Headquarters of the United Methodists???

This is why the Pope was given the responsibility of liquidating corporations. And that is why that responsibility remains with the Roman Curia no matter how they try to weasel out of it.

It makes no sense to take complaints against organizations like the IMF to the World Court, which is owned by the governments that are owned by the banks. The most we can do there is embarrass them and show the world what frauds they are.

By publishing all this information for everyone to see, enough people may hopefully get motivated to save themselves and inform each other to put a stop to this insane criminality.

Otherwise, if you all just sit on your butts and let trolls mislead you by playing on your fears and using half-truths to deceive you, you will be enslaved and used like animals by these criminal banks and the disloyal politicians and military officers that keep these syndicates in power and who pay all these trolls to cast doubt and cause disunity.

Our group is the only group with valid standing and claim that got ahead of the wave and secured claims for your country, your States, and your private assets--- and we did it for you, so that you still have a valid claim to your birthright.

Now it's up to you to get your records straight and get your county and state level assemblies set up.

Contact the Michigan General Jural Assembly for help today.

Go to www.national-assembly.net and make those digit counters roll!

Join the National Teleconference Call each Thursday Night, 9 EST, 1-712-770-4160, access code 226823#.

Can also call the Hotline from 2 to 7 EST Monday through Thursday at: 1-989-450-5522.

These are your States being called to Assemble for the first time in 150 years. This is historic and you need to be part of it for your own sake and the sake of your country.

At this point, the Delegated Powers have all reverted to the unincorporated sovereign government. You are all free to adopt your natural birthright political status and return "home" to the land and soil of your birth.
