

## To the World:

By Anna Von Reitz

The American People still exist.

We have been set-upon and robbed by our employees, both the British-controlled "US" military, and the Pope's Federal Civil Service have participated in these crimes against the innocent civilian populace of our country. They have knowingly and with malice aforethought made false claims in commerce against us, against our property assets, and against our good names.

Instead of aiding us and giving us full disclosure of the circumstance following the end of hostilities in their Civil War, the guilty perpetrators have usurped upon the lawful government and established a criminal system of white color fraud to fund their operations on our shores.

We have suffered identity theft, theft of our property interests, and gross mis-administration of a totally unnecessary and gratuitous military "protectorate" that should be better termed at the highest levels as a gang of mercenary thugs and thieves. We have been betrayed additionally, by an usurping Municipal Civil Service, which has served itself to our detriment. Both have acted in Breach of Trust and violation of their commercial service contracts.

They have made false claims in commerce against us and committed fraud upon our courts, granted themselves letters of administration related to bogus estates purportedly belonging to us, after cobbling up excuses for misidentifying our fetal afterbirth material as a "living person" and attaching our Given Names to it, and forming these estates in the first place under conditions of fraud and non-disclosure and deceit.

These criminal outrages against the American People at the hands of their own employees have been exercised under purportedly "delegated powers", yet we have never directed our employees to set up any such system and have not authorized any such claims as they are making against us or anyone else.

In fact, the protection of our "Persons"--- is a primary obligation and mandate and condition of their employment contracts known as "The Constitution of the United States of America" and "The Constitution of the United States", respectively.

Both have contrived to evade their obligations and responsibilities and to grossly glut and benefit themselves via unconscionable usurpation against their trusting employers. Worse, they have extended this "system of governance" throughout the world, and secretively substituted their commercial corporations and franchises thereof for the actual lawful governments people are owed.

The only thing allowing them to succeed in this monstrous enterprise, is our ignorance, our lack of awareness of what they have done and are doing, and our unknowing support in the form of allowing them to conscript our labor and other resources to make war and carry on their additional parasitic activities.

This is not the will or desire of the American People, who have been victimized by the Queen, the Pope, and the Lord Mayor of London, along with everyone else.

We wish you to observe that the "US" is not America. We wish you to cease and desist blaming America for this state of affairs. We are not the perpetrators. We are the victims.

Please do whatever you can do to spread the word, increase public awareness, educate those who need to overcome the false indoctrination they have received, and support the effort to expose and dismantle this cruel and criminal enterprise for what it is.

Our Living Law Firm and other organizations we support are making the effort to exercise the Public Law and the International Law to recover from this situation, as well as making a major educational and organizational effort aimed at both ends of the Public Employee Spectrum---- from the lowest paid clerk to the Principals responsible.

These people are taking their paychecks from our pockets, the bread from our mouths, and we are living in fear of our own employees. Think about that. They are operating in our country as purported "service organizations" and they are using our money and our natural resources and our labor to prepare concentration camps for us.

They have spent billions of dollars charged against our own assets on "resettlement" camps. They have bought and distributed billions of rounds of ammunition and railroad trains full of guillotines and guns to Municipal Government Agencies --- BLM, FBI, FEMA, BATF, and so on, in anticipation of staging yet another "Civil War" on our soil, in flagrant violation of their contracts with us and all that is holy.

Please help us tear aside the curtain of ignorance and blind trust that has allowed these monsters to so far progress toward their aims of enslaving and controlling the entire Earth for their benefit at the expense of everyone else.

The people behind this are literally parasites that eat into their hosts and deplete them in the same way that all parasites do. They gained a foothold in America a hundred and fifty years ago and used this as their Base Camp to deploy worldwide. Now they are trying --- as all parasites eventually must --- to find a new home and new hosts in China.

They will simply do the same thing again --- use the Chinese people as gun fodder, starve them and siphon off the value of their labor, steal "title" to their land and even to their children, and engage in the same criminality again.

It's time for this to end and for the people of the world to recognize the true source and nature of the evil that has brought our Earth to the edge of destruction: lies.

This all based on lies and fantasies, on symbols, and on propaganda. It has no meaning -- or value -- apart from what they contrive to make us believe that it has. Look at the "money" in your pocket. Pieces of paper. Look at the obligations of your religions. Are you free? Are you happy? Do you even remember what that might mean?

Yet, that is what your Creator intended for you -- that you should be free and happy.

Where is the life, where is the dynamic, where is the fulfillment, where is the true value? All gone. All siphoned off and denigrated, adulterated and perverted by these criminals.

It's time to cast off the illusions and the false claims and the false beliefs. It's time to join together in a worldwide self-defense, to overwhelm and defeat the Father of All Lies---- and his minions, once and for all.

Truth is our sword and our armor. Truth is the means to overcome, but it is not easy to discern what is true, because we have been indoctrinated to believe lies our entire lives.

Please help us in whatever way you can. Pray for us. Spread the word for us. Send money if you can. David meets Goliath every day on the field of this battle. I am still the Paymaster and Chief Bottle Washer. I use your PayPal donations and checks and money orders as best I can to help support our research and our non-Bar lawyers and Paralegals by paying at least some of the expenses associated with our activities --- nobody gets a salary. We are all volunteers, but your donations help with emergencies, travel expenses, supplies, and in some cases, light bills and food. The addresses are: Paypal at [avannavon@gmail.com](mailto:avannavon@gmail.com) and Anna Maria Riezinger, c/o Box 520994, Big Lake, Alaska 99652.

Bless all who help put an end to the Kingdom of Lies. Bless all who help in any way. It isn't possible for me to reply to every letter, question, or donation. There isn't time or staffing available, so I plod forward and remember you all in my heart of hearts.

We are gaining on them.
