

## **What Is the Name of the Crime? ---Unlawful Conversion**

By Anna Von Reitz

Obviously, fraud. That, surely.

But there is so much more to what has been done to us by our "Public Servants".... conscription, inland piracy, racketeering, kidnapping, press-ganging, enslavement, false presumption, false arrests, false impersonation, deliberate mischaracterization, plundering, pillaging, unauthorized hypothecation of debt, conspiracy to defraud, conspiracy against The Constitution, invasion, trespassing, copyright infringement, trademark violations, identity theft, grand theft and larceny..... I could probably go on all night, but at the root of it---- besides constructive fraud in general, there is a nagging need to nail down a razor-sharp diagnosis of what has gone on here, and in the end, after several years of ruminating about this at odd hours, I believe that Congressman Louis T. McFadden nailed it back in 1934: unlawful conversation.

Unlawful conversion of our identities and our assets has been the entire aim of the Territorial United States/Municipal United States Tag Team. We've had the British Enemy pretending to be our friend on one side, and the out-of-control Vatican Thugs on the other, conspiring together against us and against virtually everyone else's lawful government, too, because the same evils have been visited on a many other countries including most of Europe, Australia, New Zealand, Japan, India, Canada, Mexico.... another list goes on.

Unlawful conversion of our Trade Names redefining them as Foreign Situs Trusts.  
Unlawful conversion of our state national standing to that of mere "citizens".  
Unlawful conversion of our land patents to titles held under color of law.  
Unlawful conversion of our private property to public assets.  
Unlawful conversion of our government on the land to a government on the sea.  
Unlawful conversion of the copyrights and trademarks we are owed.  
Unlawful conversion of our private bank accounts to public "personal" accounts.  
Unlawful conversion of our States to "States of States" and "STATES OF STATES".  
Unlawful conversion of our public courts to private corporate tribunals.  
Unlawful conversion of private civilian assets to public trust assets.  
Unlawful conversion of American Common Law to English Common Law.  
Unlawful conversion of public records to private registrations.  
Unlawful conversion of our right to elect to mere voting privileges.

The sheer scale of this sly, secretive crime spree all across the globe is staggering, especially when one considers that it has all taken place under a banner of freedom and progress---- while in fact delivering a form of modern feudalism instead.

I wonder how long they thought they'd get away with it? And now that they are standing with their pants down around their ankles, I wonder how long they think they can still get away with it?

How long before the police forces and military wake up and do their jobs and prosecute the actual criminals?

How long before the government politicians responsible know for sure that they have been caught and have to correct, or none of us will have any reason to pay them for their "service"?
