

## Mr. Trump -- Urgent Action Required

By Anna Von Reitz

We realize the temptation to hold out and catch them all, but we also recognize the danger of delaying any further. There is a Law of Diminishing Returns involved, and every day that goes by and that you hold back the information that the American Public needs to make sense of this malarkey, the more steam these charlatans make and the more confusion is spread.

As we are the Priority Creditors of the UNITED STATES OF AMERICA and as we are the actual Landlords, Owners, Proprietors, Employers, Holders in Due Course, and Parties to the Constitutions, we --- not the Bankruptcy Trustees --- have the option of releasing the UNITED STATES OF AMERICA from bankruptcy and bringing a swift end to these travesties.

You may inform them all that this is what we have chosen to do: release the UNITED STATES OF AMERICA from bankruptcy.

You may also inform them that as Mr. Biden has been elected by nefarious means to a now non-existent office, that our quid pro quo month-by-month agreement with you, personally, still stands.

We are not pleased with the criminal elements of the Queen's Government, nor with the Government of Westminster's obvious usurpations in violation of both contract and trust, nor are we pleased with Mr. Trudeau's Government. It seems likely that his election was "geo-engineered" in precisely the same way that they have endeavored to skew the past presidential election.

This, overall, creates a situation in which you have the authority -- the "baton"-- to take appropriate action to fully inform the American People of exactly what has gone on here, and provides the authority for those Armed Forces loyal to the people of this country and its constitutions to arrest and remove all the undeclared Foreign Agents of the now-defunct Municipal Corporation.

If the Pope wants to honor his obligations, it's in his court and in front of the entire world to observe whether or not he is an honest man or even a worthy business partner.

If not, we have received back the authorities delegated to the Municipal Government by Operation of Law and we are not prepared to accept a Successor Contract with them without renegotiation.

You will, of course, remain bound by The Constitution of the United States of America, and you will, of course, not participate in the UN CORPORATION and its criminal activities.

Please enjoy our blessings and the blessings of the True God this holiday season; stay safe, stay warm, and put an end to this money-grubbing Covid-19 fiasco. There is no longer any reason to continue any pretense whatsoever.

With sincere thanks for your continued service,

James Clinton Belcher, Head of State  
The United States of America [Unincorporated]

Anna Maria Riezinger, Fiduciary  
The United States of America [Unincorporated]
