

## Use Your Heads

By Anna Von Reitz

Destry has never declared his political status as an American State Citizen and put it on the Public Record.

Anna has.

Why would any honest American have any problem declaring their status as an American?

They wouldn't--- unless they were working for foreign governments.

And that is the long and short of it.

Where is there proof that any actual American State ever allowed Dual Citizenship?

They --Destry and MGJA--are the ones making the claim and promoting the practice. They are the ones that have to "prove" it.

And they can't-- because our forefathers never allowed Dual Citizenship in any actual State.

It was common and still is in the Federal Government but never in the jurisdiction of the actual States--- and for obvious reasons.

Otherwise, we'd have people like Destry Payne, employees and Undeclared Agents for foreign governments coming here and telling the States what to do.

So. Enough said.

Anna's records are posted at the Palmer Alaska Recording Office and at the Anchorage, Alaska UCC Office and all over the Internet. She isn't afraid of or hiding from anything. She's an American. Her whole pedigree is Public Record.

So why not him?

If he is really an American and acting as one-- let's see him stand up and expatriate from any other Citizenship.

If he's so right and trustworthy, let's see credible proof that any actual State EVER allowed Dual Citizenship?

We say that the Federal entities are the only ones that have ever practiced Dual Citizenship.

Prove us wrong or shut up and obey the actual Public Law.
