

## What "Virgo Triad" Means:

By Anna Von Reitz

The nom de guerre adopted by the Federale Disinfo Agent calling herself "Virgo Triad" literally means "Taxing Pitchfork".

If you buy her crappola, that's exactly where you will end up, too ---- on the end of their "taxing pitchfork"!

A friend just dug that one out and it shows how these people choose their fake names with malice aforethought---- always thinking that they are too smart and "witty" for their insider jokes to be detected.

Well, from Karen and I ----- hahahahahahah!
